Prevention of accidents at work in Nordic fisheries: – What has worked?

<https://doi.org/10.6027/TN2017-509>

In the report Prevention of accidents at work in Nordic fisheries is the photographer for pictures page 32, 53 and 102 reported to be Thorgeir Baldursson. Unfortunately, it is a mistake.

There should instead have stood the Danish Fishermen's Occupational Health Service.

I rapporten Prevention of accidents at work in Nordic fisheries er fotografen til billederne side 32, 53 og 102 angivet at være Thorgeir Baldursson.

Det er desværre en fejl. Der skulle i stedet have stået Fiskeriets Arbejds miljøråd.
